

**Remarks**

Claims 1-43 were pending in this application. Applicants elect Examiner's Group I (claims 1-27, 36-37, and 42-43), drawn to a humanized anti-TAG72 CC49 antibody, a kit and a pharmaceutical composition comprising such.

**Conclusion**

It is believed that the application is in condition for substantive examination. If any minor matters remain to be addressed prior to examination, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
